

Jimmy, Johnny, Jack and Me

Intro

I'm all alone
and no one else is there
no one cares

1. Strophe

Except my friends – we stick together
Jimmy, Johnny, Jack and me
We're friends for ever
You are always there for me to hold my hand
And with lovely Mary Jane – I know -I gonna understand
so you're always
you are always there to hold my hand
You are always there and I know that you understand

Refrain

This friendship will last for ever
Jimmy, Johnny, Jack and me we belong together
for ever and a day
for ever – and a day

2. Strophe

Everythings a mess and I'm feeling small and sad
I gonna take a sip or two and I don't feel bad – anymore
You are always there for me to hold my hand
And with lovely Mary Jane – I know -I gonna understand
so you're always
you are always there to hold my hand
You are always there and I know that you understand

Refrain
