

Live your lie

1. Strophe

Do not dare -To accuse me
That I am - What you'll never be
And do not dare - To complain
this "disrespect" - No not again

Refrain

Your own life will stay the same
Yourself the one for you to blame
You just pace - you don't defy
Your own life till you die
You live your lie
Huh

2. Strophe

To criticise - Is poisonous
You poison me - Your're dangerous
I'm not born - For your expectations
I'm no one's fool - just my own creation

Refrain

Your own life will stay the same
Yourself the one for you to blame
You just pace - you don't defy
Your own life till you die
You live your lie
Huh

Bridge

I live my life - just for myself
Don't change my life - have to please myself
My life, my life, my life, my life

You live your lie
Huh
